MOBILE CROWDING PEN WITH SCALE

THE PROFESSIONAL CHOICE

The mobile crowding pen is a very efficient tool to catch, to work and to weigh your cattle. It's made out of galvanized steel. The transport wheels are hydraulic operated and the foldable fence can be operated by just one person due to spring-loaded wheels placed on each section. The crowding pen can be supplied with 2 x 2 - 2 x 4 sections - each 5 m wide. It's equipped with lights and reflexes for transport on public road.

A electronic scanner for reading electronic ear-tags can be attached. Thus both weight and ID of the individual can be logged. The logging is made on a standard USB-drive to facilitate an easy interface to a PC. The logfile is a standard excel compatible csv file.

EASY- QUICK AND EFFICIENT IN FIELD WEIGHING AND WORKING CATTLE

EACH KILO IS WORTH MONEY

	Art. number	Description
CROWDING PEN ¹	500210H04	Crowding pen with 2 x 2 fences
	500210H06	Crowding pen with 2 x 3 fences
	500210H08	Crowding pen with 2 x 4 fences
ACCESSORIES	500210T01	Extra fences ²
	500210T02	USB-drive incl. software
	500210T03	Electronic ear-tag scanner ³
	500210T04	Electronic ear-tag scanner ⁴

¹ Build in scales. Capacity = 2000 Kg / 1 Kg.

² Max number of fences is 2 x 4.

³ Scanner is stationary

⁴ Scanner is handheld
