MOBILE FISHWEIGHER WITH ACOUSTIC SIGNAL

THE PROFESSIONAL CHOICE

A mobile fish-weigher for weighing fish - during loading - directly by the pond. The scale is made of stainless steel and cast aluminum and thus for use in freshwater aquaculture. A acoustic feedback for each time the load is added to the total makes it very efficient to use. There is a build in battery for 8 hours operation.

For the professional farmer who wish to register the data, a barcode scanner can be attached. By this client information, sort of fish and the quantity can be logged on a USB-drive. Storing the data on the USB-drive makes it easy to transfer the data to the Farm-PC.

QUICK WEIGHING AND DATA REGISTRATION BY THE POND

EACH KILO IS WORTH MONEY

	Art. number	Description
SCALE ¹	110110H01	Fish-weigher / ECCO101
ACCESSORIES	110110T01	USB-Drive incl. software
	110110T02	Barcode reader ²
	110110T03	Charger ³

¹ Scale: Capacity = 200 Kg / 0,1 Kg.

² Scanner is handheld

³ 1 pcs. is supplied with the scale.
