### CATTLE-SCALE DIGITAL

#### THE PROFESSIONAL CHOICE

Sturdy and reliable scale made of galvanized steel for long service-life. It's constructed to be used, both on the farm and in the field.

The scale can be fitted with an electronic ear-tag scanner for automatic identification of the individuals. When using electronic ear-tags you will be able to automatically record the ID and the weight. The record is kept on a USB-drive for easy transport of the data to the Farm-PC.

A cattle head gate can be fitted to hold the animal in place during treatment.

All 4 sides are fitted with gates. This way sorting the animals in 3 categories is easy. Sorting can be done based on weight or individual parameters (via the ear-tag) stored on the USB-drive.

#### EASY - QUICK WEIGHING / SORTING & RECORDING

#### EACH KILO IS WORTH MONEY

	Art. number	Description
SCALE <sup>1</sup>	100310H01	0,95 x 2,30 m / 4 Gates
	100310H02	0,95 x 2,30 m / 3 Gates + 1 Headgate <sup>2</sup>
ACCESSORIES	100310T01	USB-drive incl. software
	100310T02	Electronic Ear-tag scanner <sup>3</sup>
	100310T03	Electronic Ear-tag scanner <sup>4</sup>

<sup>1</sup> Capacity: 2000 Kg / 1 Kg.

<sup>2</sup> Headgate has dual function: Fixing the animal & ordinary gate

<sup>3</sup> Scanner is stationary

<sup>4</sup> Scanner is handheld

4 x GATE
