NET FISHWEIGHER WITH ACOUSTIC SIGNAL

THE PROFESSIONAL CHOICE

The Net-fishweigher is a efficient solution to weighing and loading fish by the pond. By the use of a small bob-cat equipped with the weighing system and a net, large quantity of fish can be weighed and loaded in a small span of time. The weighing system is powered by the 12V_{dc} supply on the Bob-cat. As an option, for independent operation, a build in battery can be supplied.

The instrument can be set up for either automatic weighing or manual weighing.

For the professional farmer who wish to register the data, a barcode scanner can be attached. By this client information, sort of fish and the quantity can be logged on a USB-drive. Storing the data on the USB-drive makes it easy to transfer the data to the Farm-PC.

QUICK WEIGHING AND DATA REGISTRATION BY THE POND

EACH KILO IS WORTH MONEY

	Art. number	Description
SCALE	110310H01	Fishweigher - 1T / ECCO101 ¹
	110310H02	Fishweigher - 2T / ECCO101 ²
	110310H03	Fishweigher - 5T / ECCO101 ³
ACCESSORIES	110310T01	USB-drive incl. software
	110310T02	Barcode reader ⁴
	110310T03	1,0 m Net for Fishweigher
	110310T04	1,2 m Net for Fishweigher

¹ Capacity: 1000 Kg / 0,5 Kg

² Capacity: 2000 Kg / 1,0 Kg

³ Capacity: 5000 Kg / 2,0 Kg

⁴ Scanner is handheld
