### MOBIL FISHWEIGHER WITH ACOUSTIC SIGNAL

#### THE PROFESSIONAL CHOICE

A mobile fish-weigher for weighing fish - during loading - directly by the pond. The sturdy scale is made of stainless steel and thus for use in both fresh- & sea- water aquaculture. A acoustic feedback for each time the load is added to the total makes it very efficient to use. There is a build in battery for 8 hours operation.

For the professional farmer who wish to register the data, a barcode scanner can be attached. By this client information, sort of fish and the quantity can be logged on a USB-drive. Storing the data on the USB-drive makes it easy to transfer the data to the Farm-PC.

#### QUICK WEIGHING AND DATA REGISTRATION BY THE POND

#### EACH KILO IS WORTH MONEY

	Art. number	Description
SCALE <sup>1</sup>	110210H01	Stainless Fish-weigher / ECCO101
ACCESSORIES	110210T01	USB-Drive incl. software
	110210T02	Barcode reader <sup>2</sup>
	110210T03	Charger <sup>3</sup>

<sup>1</sup> Scale: Capacity = 200 Kg / 0,1 Kg.

<sup>2</sup> Scanner is handheld

<sup>3</sup> 1 pcs. is supplied with the scale.
